Project Summary:

The Board of Directors (BOD) Orientation was conducted in a well-organized and interactive manner. The session began with an introduction to the Rotary Family, where we learned about Rotary International, Rotaract, Interact, Inner Wheel, and other Rotary programs. The guest speaker explained why Interact Clubs are important and how they help students develop leadership skills, confidence, teamwork, fellowship, community service, and professional growth. He also encouraged us to take every opportunity to learn, serve others, and become responsible leaders in the future.

A major part of the orientation focused on the duties and responsibilities of each Board member. The speaker explained the role of the President, Vice President, Secretary, Treasurer, Sergeant-at-Arms, and other directors in detail. He guided us on how each position contributes to the smooth functioning of the club and highlighted the importance of cooperation, proper planning, discipline, communication, and teamwork while organizing projects and activities. He also shared useful tips on how to conduct meetings, maintain records, and successfully complete club projects.

The speaker further introduced us to different Interact events and opportunities, including IDCON and other learning, leadership, and fellowship programs organized throughout the Rotary year. He encouraged everyone to participate actively, improve their skills, build friendships, and represent the club with pride. The orientation was highly informative, inspiring, and motivating. It helped every Board member gain a better understanding of their responsibilities and encouraged us to work together to make our club more active, impactful, and successful.
