About ‘ Emergency Building Evacuation Plan & LP Gas Fire Safety Demonstration ‘

Introduction:

On 15th July, The Interact Club of Annpurna Higher Secondary School collaborated with Leo Club of Kathmandu Dharahara Height, Lions Club of Kathmandu Height and Interact Club of Kathmadu for the “Emergency Building Evacuation Plan & LP Gas Fire Safety Demonstration” event. This event gave an awareness to the students of grade 9 and 10. The guest speaker for the event was Senior Fire Expert Mr. Kishor Kumar Bhattraï, who has extensive experience in fire safety. The event chair for this event was Mr. Dipesh Basnet, President of Leo Club of Kathmandu Dharahara Height as well as the Past President of Interact Club of Annpurna Higher Secondary School.

Project Summary:

On July 15, 2026, the Interact Club of Annapurna and the Leo Club of Kathmandu Dharahara Height jointly organized a fire safety and emergency awareness program. The event featured Mr. Kishor Kumar Bhattarai as the guest speaker, who provided valuable insights on emergency evacuation procedures and LP gas safety.

Participants learned about essential fire-fighting equipment and received a hands-on demonstration on how to use a fire extinguisher correctly. The session also included a practical evacuation drill, where attendees physically practiced exiting a building safely during a fire emergency.

The program successfully equipped participants with both theoretical knowledge and practical skills to respond effectively in real-life fire situations, promoting community safety and preparedness.
