About 'Runway Career Connect'

Introduction:

Runway career connect is one of the biggest career mentorship in Nepal in which the Interact Club of Kathmandu proudly served as the Club Alignment Partner. The event also served as one of the club's Public Image initiatives, reflecting our commitment to meaningful educational and community-focused programs and helping expand the reach of the Interact Club of Kathmandu among students. The event is introduced to guide the students after their +2 graduation. Many students are confused on what might be the right path? To clear that hurdle this event is organized to give one-on-one counseling sessions to the students by 50+ colleges and counselor. The students had the opportunity to visit all college aligning with their interests in one platform.

Event summary:

Runway Career Connect was a successful event, guiding over 14,000+ students. It provided students with a valuable platform to explore their interests, interact with multiple colleges in one place, and, most

importantly, receive personalized one-on-one career counseling to help clear their doubts and make clear decisions about their future. To make the event more enjoyable for +2 graduates who had just completed their examinations and received their results, the event featured fun games at various stalls along with live performances by two artists and two bands. These activities were organized to celebrate their achievement and provide them with a refreshing and entertaining experience alongside the career guidance.

Runway Career Connect plays an important role in helping students make informed academic and career choices. By providing direct access to multiple colleges and expert counselors, students gain a clearer understanding of the opportunities available to them, enabling them to choose a path that aligns with their interests, abilities, and future goals.
