Area of Focus:
Environmental Conservation & Community Service

Introduction:

The Hill Park Cleanliness & Water Distribution Initiative was organized by the Interact Club of Central Butwal on 25 July 2026 at Hill Park. The initiative aimed to promote environmental cleanliness, encourage responsible waste management, and provide drinking water to visitors while fostering a spirit of community service among members.

Project Summary:

The program commenced at 7:00 AM with the active participation of club members and volunteers. During the initiative, members distributed drinking water to visitors, collected waste from different areas of the park, and installed dustbins to encourage proper waste disposal and maintain a cleaner environment. The project promoted environmental awareness, teamwork, and community responsibility while creating a cleaner and healthier public space for everyone.

Participants: 50+
