About ‘Guru Saman:Thanksgiving To Teachers’

Introduction

On July 29th, 2026, the Interact Club of New Horizon solemnly and joyfully celebrated Teachers' Day across the school premises. Teachers serve as the foundational pillars of any educational institution, quietly shaping minds, nurturing potential, and guiding young individuals toward bright futures. Recognizing that dynamic mentorship and wisdom extend far beyond textbook lessons, this initiative was specifically organized as a heartfelt tribute to honor the tireless efforts, patience, and selfless devotion of our school faculty. Designed to express deep gratitude and respect for the educators who guide students daily, this program served as a meaningful token of appreciation from the Interactors and the student body to their respected teachers, reinforcing the Rotarian values of gratitude, mutual respect, and community fellowship within our school environment.

Project Summary

During the celebration, club members visited teachers across various departments to present them with specially prepared gift cards and pens. The gesture aimed to recognize the dedication, patience, and selfless service teachers bring to the classroom every day.

The event created a joyful, respectful, and heartwarming atmosphere throughout the school, strengthening the bond between teachers and students while showcasing the club's values of gratitude and service.
