About “The Golden Smile Project”

### **Introduction:**

The Golden Smile Project was a service-oriented project organized by the Interact Club of Vinayak Shiksha Niketan. We visited an old-age home and spent quality time with the senior citizens through conversations, entertainment, and small gifts. The project aimed to spread happiness, care, and companionship among the elderly. Its theme was **“Sharing Smiles, Walking Miles, and Making Memories Worthwhile”**. It was a service project, not a fundraising event, with the active participation of the club Board of Directors.

### **Event Summary:**

Interact Club of Vinayak Shiksha Niketan English Secondary School successfully executed The Golden Smile Project. We went to **“Shree Dyo Maa Jagat Briddhashram”** located in Bode, Bhaktapur, supporting local senior citizens. Firstly we exchanged the introduction with others. We got to know how the elders came across the Old-age home. Many of them described how they were stranded alone on the streets by their families. There we organized a small donation program consisting of seasonal fruits, light snacks and hygiene products. We also organized a small talent show program among the active members. We could easily tell that they were very joyful by their face. All of the members of the Interact Club of Vinayak Shiksha Niketan actively contributed during the event.
