Area of Focus: Environment & Community Service

Introduction:

Hosted by Deep EPL in collaboration with Deep Club and Interact Club of Central Butwal under the initiative of Maina Devi Foundation, this service-oriented event aimed to promote urban environmental awareness, waste segregation, and community action in Butwal. The overall program was hosted by Deepa Keshari, Student Coordinator of Deep EPL.

Program Summary:

The event commenced with formal protocols, a welcome speech by EPL Team Leader Suvekshya Panthi, a welcome dance, and a 2-week progress presentation by Swikriti Pandey and Darshan Pandey. Prior to the main discussion, students performed an impactful street drama titled "छाडा चौपाया र वातावरण", focusing on stray livestock management and plastic ingestion. Following an interactive "Red Flag / Green Flag" game, the main panel discussion addressed waste segregation at source, drainage pollution, single-use plastics, and stray livestock management, concluding with a spontaneous, unscripted Q&A session.

After the panel discussion, an interactive video was displayed via QR Code under the Eco-Innovation campaign activity. The program then featured an inspiring speech by School Principal Mr. Tikaram Neupane, after which Tokens of Love were presented to the distinguished panelists and guests in honor of their valuable contributions. Following a short refreshment break, the event concluded with closing remarks from Event Chairperson Somin Piya.
