About “Paws of Kindness”

Introduction

The Interact Club of Lalitpur carried out “Paws of Kindness” on 11th August 2026 to show care and compassion towards stray animals. The initiative focused on feeding street dogs and encouraging members to become more aware of the animals living around our communities.

Project Summary

After gathering at Patan Durbar Square at 3:00 PM, the members were divided into two groups, with one group taking responsibility for the dog-feeding activity. The team collected the required food and moved around the nearby areas.

Members fed stray dogs and made sure the food was provided in a safe and organized manner. The activity also gave members an opportunity to interact with and care for animals that often depend on the community for basic needs.

Beyond simply feeding the dogs, the initiative encouraged a sense of responsibility and compassion towards stray animals. It was a small step towards creating a more caring and considerate community.
