Date: August 11th 2026

Location: Cloud Garden Restaurant

Organized by: Interact Club of Sagarmatha Midtown

Specified Committee: Club

Sponsoring Organization(s): N/A

Area of Focus: Club Service

“About Chartered Day Celebration”

Introduction:

Interact Club of Sagarmatha Midtown celebrated its Chartered Day on 11th August 2026 at Cloud Garden, anticipating another year of impactful service, fellowship, and growth. This event aimed to acknowledge the past activities, growth, and achievements of the club. Moreover, it also served as an opportunity to encourage participation and interaction while promoting fellowship among members.

Objectives:

- Reflect on the previous milestones reached
- Look back on past activities and visualize new initiatives
- Foster fellowship, companionship, and coordination among members

Event Summary:

The celebration began with all the members gathering in the designated venue. We were informed about the significance of Chartered Day, and reminisced about the journey the club had gone through in the past years.

A cake-cutting ceremony took place, honouring the day the club came into existence.

We took this occasion to have the members interact with one another through party games and lighthearted conversations for a better bonding. At the end of the event, we all shared a heartfelt meal together and vowed to work together as a team with integrity and unity, to serve the community. The program ended with the members sharing their experiences and their opinions of the day, hoping for a year of fellowship, unity, coordination and friendship.

Conclusion:

This event was a huge success as all the members seemed to have understood the importance of Chartered Day and the reason of the celebration. It not only helped to encourage members to initiate and coordinate amongst each other, but also to experience fellowship and incorporate it in club activities.

Feedback:

The Chartered day Celebration was really fun and exciting. I loved bonding with everyone, getting to know the members better and making new friends. This whole experience has made me feel more comfortable and helped understand my fellow peers. It has exponentially amplified my understanding of the concept of charter day. Furthermore, I believe this experience will help me work with everyone easier and coordinate better.
