About " Debate competition "

Introduction:

The Debate Competition was successfully organized by the Interact Club of Lumbini Smart School as part of the club's monthly theme, Club Development and Membership. The programme was focused on enhancing members' communication skills, confidence, critical thinking, public speaking abilities, and active participation. It also provided a platform for Interactors to express their perspectives, exchange ideas, and develop healthy interaction among members.

Project Summary

The Debate Competition was officially held on 27 August 2026 at Lumbini Smart School Hall. The event was hosted by Itr. Arjun Dhital, Public Relations Director of the Interact Club of Lumbini Smart School. He facilitated the programme and encouraged participants to present their views with confidence, clarity, and logical reasoning. The competition created an engaging environment where members actively participated, listened to different perspectives, and developed their communication and analytical skills. The programme successfully promoted interaction among Interactors while strengthening their confidence, teamwork, and leadership abilities. Overall, the event concluded successfully with meaningful participation and valuable learning experiences for members.

Feedback of attendees:

The event received an enthusiastic response from the members. The participants actively engaged the debate, shared their perspectives confidently, and demonstrated strong interest throughout the programme. The attendance and participation reflected the members' willingness to learn, interact and develop their communication and leadership skills.
