Project Type: Participated / Invited

Guests: N/A

Area of Focus:
Youth Development & Leadership

About "International Youth Day Celebration"

Introduction:

The Interact Club of Arniko College (ICAC) participated in the International Youth Day Celebration organized by the Rotaract Club of Biratnagar on 12th August 2026 at Rotary Bhawan, Biratnagar. ICAC was invited to be part of the celebration, which was conducted to recognise the importance of young people and their valuable contributions to society, leadership, and community development. The event provided an opportunity for Interactors to come together with fellow members of the Rotary family, celebrate youth potential, and engage in an atmosphere of fellowship and shared learning.

Project Summary:

The International Youth Day Celebration brought together young leaders and members of youth organisations to recognise the role of young people in creating positive change within their communities. As an invited club, members of the Interact Club of Arniko College actively participated in the program and represented ICAC at the celebration.

The event provided a meaningful platform for participants to interact with fellow Rotaractors, Interactors, and other young leaders while exchanging ideas and experiences. Discussions and activities during the celebration highlighted the importance of youth participation, leadership, creativity, responsibility, and active engagement in community development. The occasion also encouraged young participants to recognise their potential to contribute towards positive social change through service and collective action.

ICAC's participation strengthened the relationship between the Interact Club of Arniko College and the Rotaract Club of Biratnagar, while also providing members with an opportunity to connect with the wider Rotary family. The celebration encouraged fellowship, networking, and mutual learning among young leaders and served as a reminder of the responsibility of today's youth to contribute meaningfully to their communities.

The event concluded successfully with participants carrying forward renewed motivation to engage in leadership, service, and community-based initiatives. ICAC's participation also reflected the club's commitment to supporting and engaging in meaningful youth-focused initiatives within the Rotary family.
