Specified Committee: Community Service

Sponsoring Organization(s): Rotary Club of Biratnagar

Project Type: Collaborative

Guests: N/A

Area of Focus: Basic Education and Literacy & Community Development

About "T-Shirt Distribution Program"

Introduction:

The Interact Club of Arniko College (ICAC) participated in a T-Shirt Distribution Program organized by the Rotary Club of Biratnagar on 26th August 2026 at Bakhri School, Biratnagar, in collaboration with the Rotaract Club of Biratnagar. The initiative was organized as a community service activity with the objective of providing support and encouragement to school students while fostering a spirit of care, inclusion, and community engagement.

The program brought together members of Rotary, Rotaract, and Interact to contribute towards a meaningful cause and interact directly with the beneficiaries. ICAC's participation reflected its commitment to collaborative service and its willingness to support initiatives aimed at creating a positive and supportive environment for children and young students.

Project Summary:

The T-Shirt Distribution Program was conducted at Bakhri School, Biratnagar, with the active participation of the Rotary Club of Biratnagar, Rotaract Club of Biratnagar, and Interact Club of Arniko College. The primary activity of the program was the distribution of T-shirts to school students as a gesture of support, encouragement, and care.

Members of the participating organisations worked together throughout the distribution process, ensuring that the activity was carried out in an organised and welcoming manner. The interaction between the volunteers and students created a positive atmosphere and provided Interactors with an opportunity to engage directly with the beneficiaries of the initiative.

The project also highlighted the importance of cooperation between Rotary, Rotaract, and Interact in addressing community needs through collective action. By contributing their time and effort, the participating members were able to support the students while strengthening fellowship and understanding within the Rotary family.

The program provided ICAC members with valuable first-hand experience of community-based service and reinforced the importance of empathy, generosity, teamwork, and active youth participation. The successful completion of the T-Shirt Distribution Program demonstrated how collaborative initiatives can create meaningful experiences for both volunteers and beneficiaries while contributing positively to the local community.
