Due to recent floods many lives were lost and specially during the flash flood in Rasuwa and Bhotekoshi area. Over 1453 people lost their lives and in remembrance of the lost souls many interact clubs came together from different zones to have a candle lighting program.

Project Summary:

The condolence program was held in two meaningful phases to honor the flood victims, beginning with an intimate ceremony at Rotary Hall in Thapathali where participants gathered around a candle-lit memorial for quiet reflection. The tribute then transitioned to the public setting of Bhaktapur Durbar Square, where youth and community members created Illuminated powder art against the backdrop of ancient temples. By moving from private mourning to a shared public tribute, the event successfully brought people together to honor the lives lost and demonstrate lasting community solidarity.
