Summary

The scholarship distribution drive was carried out across two locations on September 26 and September 27, 2026:

- Day 1 (September 26, 2026): The team visited Himalayan Secondary School in New Road, where scholarships were distributed to 150+ students from KG to Grade 5.
- Day 2 (September 27, 2026): The team traveled to Chunadevi Secondary School in Nagarkot, providing scholarships to 63 students from KG to Grade 5.

During both visits, volunteers and club members spent time interacting with the children, teachers, and school leadership. The scholarships were handed over in warm ceremonies designed to boost the children's confidence and encourage them to attend school regularly.

The project directly impacted 213+ young learners across two schools, providing them with the necessary support to continue their foundational schooling. Beyond financial assistance, the program built strong community connections and motivated young children to pursue their education with confidence and optimism
