

POLYCULTURE PLANTATION

Project Number: 05

Date: 09th August, 2026

Location : Nagidanda ,Banepa

Area of Focus: Community Development and Welfare

Specified Committee: Community Service

About “Polyculture Plantation”

Introduction:

The Polyculture Plantation Program was a joint environmental initiative held on 9 August 2026 at Ngidanda, Banepa, organized by the Rotary Club of Kasthamandap, Rotaract Club of Kasthamandap and Interact Club of Little Angels' School. The program focused on plantation and environmental conservation, bringing members together to contribute to a greener and healthier environment. It also encouraged youth participation in community service and promoted greater awareness of the importance of protecting nature.

Project Summary:

The Polyculture Plantation Program was conducted on 9 August 2026 at Ngidanda, Banepa as a joint initiative of the Rotary Club of Kasthamandap, Rotaract Club of Kasthamandap, and Interact Club of Little Angels' School. The program focused on plantation and environmental conservation, bringing together members and volunteers to take practical action toward creating a greener and more sustainable environment.

As part of the program, cash crops were planted with the support of Aarunya Nature Resort, promoting sustainable plantation and productive use of land. The event was attended by the Rotary District Governor, along with Miss Nepal and Miss Earth, whose presence added significance to the environmental initiative and helped promote awareness about the importance of conservation.

The Interact Club of Little Angels' School actively participated in the plantation activities, allowing its members to contribute directly to the initiative and gain practical experience in environmental service. Through this joint effort, the participating organizations encouraged community involvement, youth participation, and greater responsibility toward environmental protection.

Itr. Anshu Giri

President RY 26/27
