Project summary:

The event started strong with our speaker Itr. Krisha Shahi starting with talking about interact and its hierarchy. Where the Board was shown the different information on interact. Then our other guest speaker Mr. Dipesh Basnet started with the summary of each post and what their jobs in interact are. The Board gave their full attention during this event and showed complete participation. After the summary phase our speaker opened the open floor where anyone was able to ask about their work and particular things they didn't understand.Some questions were asked by the Board that seemed to have helped them to learn and further implement about their own work as per their posts. The event was a great success and all the board had a meaningful time spent during that time. After the event the Board showed gratitude towards the speakers and thought it was very helpful.
