About 'Quiz'

Introduction:

The event "Quiz" was a event done by the Interact club of Annapurna Higher Secondary School was a event to make the members of the club have a little fun why also learning about Interact and other General Knowledge. This event showed the memory and general knowledge of the interactors.

Project summary:

The event started with all the participants having a brief introduction of themselves and getting a brief summary of the quizzes rules and regulations. As per the quiz it contained questions about interact and general knowledge. The quiz had a special case where a correct answer would lead to a chocolate being handed over which was Treat Waffers. The event started strong with the participants answer almost all the questions correctly. The quiz master Itr. Dev Shah was astounded by the knowledge of the participants and by the end of the event the whole box of treats had been finished . The event was an overall success and the participants shared that they had a great time . Most of them had gotten the Treat chocolates and had a lot of fun in the Quiz.
