Date: 18th October, 2026
Location: Supporting Children Initiative Foundation Nepal, Kirtipur
Specified Committee : Community
Guest: Mr. Shailendra Mahat (School teacher/Accompanying teacher)
Area of Focus: Community Economic Development

About 'Sano Khusi'

Introduction:

Project 'Sano Khusi' held on 18th October, 2026 was an event hosted during the festive season of dashain. The event aimed to share the festive happiness and joy of dashain to the under privileged children of SCIF Nepal. The event consisted of many sub events such as kite flying, dancing, face painting and finally was concluded with the tika ceremony.

Project Summary:

Before the event formally began al the club volunteers and some board of directors gathered at the orphange at around 10 A.M. after which all the prepping was done. There were around 30 volunteers present which consisted of the Board of Directors and General members. At around 11 A.M. the event formally began where some children went for face painting while some went to the roof with the volunteers to fly the kites. All the needed materials were gathered and brought by the volunteers themseleves. After having some fun flying the kites, painting faces and interacting with each other all the children were gathered to dance, sing and have fun along with the volunteers. Our accompanying teacher brought some groceries such as rice, meat, oil and more to donate to the Orphanage. After all the fun coming to the end of the event we started the Tika Ceremony where our teacher Mr. Shaildenra Mahat put the tika on the foreheads of all the children and gave them his blessings on behalf of all the volunteers along with some chocolates brought by the volunteers. Officially the event ended at around 2:30 P.M with some photography sessions to mark the end of the event

.

Overall, the event was a huge success and was quite fun to attend where all the present volunteers interacted and shared their happiness along with socializing all while having fun.

Feedback of Attendees:

1. The event was genuinely glistening with fervour and the help we could provide to the kids filled us with joy. However some events were disregarded.
2. The event was really so fun and enjoyable. It really gave us wonderful and memorable experiences. Everything was well planned but still the event was located a bit far. Overall, it was a good experience.
