- Itr. Mridul Jung Pande (District Club Service Committee Chair)
- Itr. Manjil Aryal (District IT Officer)

Area of Focus: Fellowship

About "Fellowship Carnival"

Introduction:
Fellowship Carnival was organized by the Interact Club of Pokhara Lakeside on 16th October, at Raj Mahal, Pokhara, with the collaboration of eight Interact clubs. The event aimed to strengthen fellowship, encourage inter-club relationships and create a welcoming platform for young leaders to connect beyond their individual clubs. Through literature exchange, an ice-breaking session and interactive activities involving the Boards of Directors, participants had the opportunity to share ideas, understand one another's club cultures and build meaningful connections. The carnival celebrated the spirit of Interact by bringing together young people under one shared purpose: friendship, collaboration and collective growth.

Project Summary:
Fellowship Carnival brought together members and Boards from the Interact Club of Pokhara Lakeside and eight collaborating clubs for an engaging celebration of fellowship and unity. Hosted at Raj Mahal, the program was designed to encourage interaction, strengthen professional and personal relationships among young leaders, and connection across clubs.

The event featured a literature exchange between the participating clubs, providing an opportunity for members to exchange club-related publications, learn about one another's activities and gain fresh perspectives on how different clubs operate. This exchange encouraged the sharing of knowledge, experiences and ideas that could inspire future initiatives and collaborations.

An ice-breaking session helped participants move beyond initial introductions and engage more comfortably with members from other clubs. Through interactive activities, participants built new friendships, improved communication and developed a stronger sense of belonging to the wider Interact community.

The involvement of the respective Boards of Directors further strengthened the event by creating opportunities for leadership interaction, mutual understanding and the exchange of ideas about club management and future collaboration. The program emphasized that while every club has its own identity and achievements, fellowship creates a common ground for learning, growth and collective progress.

Fellowship Carnival concluded with strengthened inter-club connections and a renewed spirit of unity among the participants. More than a gathering, it served as a reminder that the true strength of Interact lies not only in individual club achievements but also in the relationships built and the experiences shared across clubs.

Feedback of Attendees:
"The carnival gave us a wonderful opportunity to connect with members from other clubs, exchange ideas and build friendships beyond our own club."
- Itr.Bidhan Parajuli (Editor)

"The ice-breaking activities made the environment welcoming and enjoyable. It was a meaningful experience to interact with different Boards of Directors and learn from one another."
- Itr.Anshish Bastola (Member)
