About “ Paila 3 : A glimmer of change “

Introduction:
The Interact club of Everest gathered on the siddheswari ground for a candle lighting ceremony, marking one year since the historic Gen Z Movement and honouring the 76 young martyrs.

Summary:
In the presence of more than 25 Interactors, the members collectively created an outline of Nepal’s map and its national flag, surrounded by numerous candles symbolizing hope, unity, and remembrance. Through a heartfelt speech, we highlighted their contributions and the impact they have made on our nation, reminding everyone that the voices of young people matter and that their courage can inspire a brighter future. More than just a gathering, the event was a moment to stand together, reflect, and honour the spirit of Gen Z and their hopes for a better Nepal.
