

Haunted Fiesta 2.0

Project Number:11
Date:31, October,2026
Location:Rotary hall,Thapathali
Collaboration with:

1. Interact club of Kathmandu
2. Interact club of Shikshanter School
3. Interact club of Annapurna HS School

Specified committee:Community Service

Area of Focus: Fellowship, and Friendship Building.

About ‘Haunted Fiesta 2.0'

Introduction:

The “Haunted Fiesta 2.0” event was organized as a festive gathering centered around Halloween celebrations, fellowship, and friendship building. As festive occasions provide an opportunity for people to come together beyond their usual circles, the event aimed to create a lively and welcoming environment where Interactors could express themselves through creative costumes, interact with one another, and form new friendships. The celebration also provided a chance for Interactors to share treats, enjoy the festive atmosphere, and connect with others through shared experiences. It was organized to encourage social connections, strengthen fellowship, and celebrate the occasion while creating memorable experiences in a spirit of fun and togetherness

Project Summary:

The “Haunted Fiesta 2.0” event was organized as a Halloween-themed social gathering with the aim of bringing Interactors together through fun, fellowship, and shared experiences. The celebration provided an opportunity for Interactors to step away from their

usual routines, express their creativity through Halloween-themed outfits, interact with people beyond their familiar circles, and build new friendships. With an emphasis on creating a lively and welcoming atmosphere, the event focused on strengthening connections and making the festive occasion more memorable through games, food, and social interaction.

The event began with an engaging game of Mafia, which brought everyone together and set an exciting tone for the celebration. The game encouraged interaction, teamwork, and communication among Interactors while adding an element of fun and friendly competition. It also served as an opportunity for those who were not previously acquainted to get comfortable with one another and become more involved in the gathering.

Following the game, everyone came together for a potluck session, where Interactors brought a variety of delicious homemade dishes from their respective homes to share with one another. The food session created a relaxed and enjoyable environment where everyone could exchange conversations, share their food, and spend quality time together. It also added a personal touch to the celebration, as everyone contributed to making the gathering more special through the dishes they brought.

After the potluck, the celebration continued with several other games and interactive activities that kept the atmosphere lively and engaging. Interactors had the opportunity to interact with different people, step beyond their usual friend groups, and form new connections through shared participation and enjoyment. The activities encouraged everyone to get involved, communicate freely, and strengthen the sense of fellowship within the gathering.

Conclusion:

Overall, “Haunted Fiesta 2.0” provided a fun-filled opportunity to celebrate Halloween while bringing Interactors closer through friendship, food, and shared experiences. The event successfully promoted fellowship, encouraged new friendships, and created a welcoming space for Interactors to connect and enjoy the festive occasion together.
