About 'Haunted Fiesta 2.0'

Introduction

Haunted Fiesta 2.0 was organized on the occasion of Halloween, bringing everyone together for fellowship, fun, laughter, and memorable moments. The event created a wonderful opportunity for interactors and leos from different clubs to connect through various engaging activities. It featured a potluck session, where each attendee brought a food item to share with everyone, adding a sense of togetherness to the event. The program was enhanced by exciting games like Truth or Dare and Find the Killer, followed by photo session. With enthusiastic participation and a lively atmosphere, Halloween Fiesta turned out to be a fun and memorable event for everyone.

Summary

The event began with background music as participants arrived in a wide variety of creative costumes, including figures such as Lingesan (the psycho killer), Tom Hansen from 500 Days of Summer, the Annabelle doll, the Men in Black, Chhote pandit from Bhool Bhulaiyaa an angel, a black cat, a vampire, and a witch and so on. The showcase highlighted the participants' creativity while capturing the spirit of Halloween.

During the event, we played games like 'Find the Killer,' where we had a lot of fun debating and bickering over the killer's identity while those who were eliminated plotted their revenge for the next round. To add a little extra excitement, we also played Spin the Bottle (Truth or Dare), leading to some great dance moves and a few spilled secrets.

Along with the activities, we got to try a variety of dishes brought by the participants, including bara, chips, cold drinks, chocolates, homemade noodles, and instant noodles. Everyone sat together, chatting and enjoying the delicious food.

In between activities, everyone took plenty of photos with the handmade decorations, including a wall covered in 'missing' posters featuring participants, a fake body in a bag, a chalk outline completed with fake blood, and spiderwebs. The photo session also gave participants a great chance to interact with one another as they took pictures for each other.

Overall, the small-group setting made it easy for everyone to interact, have fun, and connect. Sharing meals, snapping photos together, and admiring each other's Halloween costumes really helped build stronger fellowship among members from different clubs.

Feedbacks of Attendees:

Itr. Aditi Kharbuja (Attendee): "The Halloween fiesta 2.0 was really fun and interactive. The theme and decorations were on point and everyone was dressed on theme. The coordination was top notch and meeting the interacters has always been the best part."

Itr. Rodan Budhathoki (Attendee): "Today's Halloween celebration was a real fun event. The decorations, costumes, game and potluck were all amazing. Everyone brought great enthusiasm and great food especially the Current noodles! It was tasty. I loved how we embraced a foreign culture here in Nepal, which let us use our creativity to think about the costumes beyond our everyday lives."
