About 'Tree Plantation Program'
Introduction:
The Interact Club of Sagarmatha Devdaha organized a Tree Plantation Program in 12 September 2026 with the aim of promoting environmental conservation and raising awareness about the importance of trees and greenery. The program encouraged participants to take responsibility for protecting and preserving the environment through meaningful environmental activities.

Project Summary:
The program involved the plantation of tree saplings at the designated location with active participation from the club members and participants. The activity focused on promoting environmental awareness and highlighting the importance of trees in maintaining a clean, healthy, and sustainable environment. Participants took part in planting the saplings and were encouraged to develop a sense of responsibility towards their proper care and preservation. At the end of the program, some flowers were also planted in the community park to enhance its greenery and beauty, making the surroundings more pleasant and welcoming. The program successfully encouraged collective efforts towards environmental conservation and contributed to creating a greener community.
