# The Interact Identity

Membership certificates were prepared for the first 40 selected members based on their active participation and involvement in club events. The distribution was scheduled for Monday from 12:00 PM to 12:20 PM in front of the Main Building. The selected members were informed about the schedule so they could collect their certificates within the given time.

Members who were not included in the first 40 were informed that they would receive their membership certificates at the next General Meeting after Tihar. This arrangement ensured that all members were informed about the distribution process and reassured that they would also receive their certificates. It also helped the club manage the distribution in an organized manner.

Overall, the initiative highlighted the importance of active membership, dedication, and teamwork within the Interact family. By recognizing members' contributions, ICLAS aimed to strengthen unity, encourage participation, and create a stronger sense of belonging among its members. The event reflected the club's commitment to appreciating its members and upholding its motto, “Service Above Self.”
