Project Summary:
The Interact Club of Prativa Pokhara Fishtail successfully conducted "Members Meet and Greet, Membership Monday" virtually, as part of its World Interact Week celebrations. The event was organized around the Membership Monday theme, which recognizes and appreciates the members who form the foundation of the club. The meeting began with the Club President, Itr. Lilesh Shrestha informing members about the club's upcoming plans and projects, giving everyone a clear picture of the activities to look forward to in the coming days. This was followed by an open floor session, where members were encouraged to speak freely and share their experiences of their Interact journey so far. The board listened attentively and welcomed the input, reflecting the club's commitment to open communication and inclusive decision-making. The warm and interactive atmosphere strengthened the sense of belonging among members and made the celebration both meaningful and engaging, even in a virtual setting.

In conclusion, "Members Meet and Greet, Membership Monday" was a successful and heartfelt celebration of the club's members during World Interact Week. By combining an update on upcoming plans with an open floor for shared experiences and constructive feedback, the Interact Club of Prativa Pokhara Fishtail created a space where every member felt heard and valued. The event strengthened the bond between members and the board, and reaffirmed the club's commitment to growth, transparency, and a supportive community for all Interactors.
