Venue : American corner, Bhairahawa
Specified committee: Club relations

Areas of Focus: Peacebuilding and Conflict Prevention

As part of the nationwide celebrations for World Interact Week 2026, the Interact Club of GoldenGate International College (ICGGIC) collaborated with the Interact Club of Central Lumbini to organize "Harmony Wednesday: Common Vision." community service, collaboration, and international understanding under Rotary International.Held physically at the American Corner in Bhairahawa, the joint initiative was designed to bridge geographic boundaries between Kathmandu-based and Lumbini-based Interactors. By establishing a dedicated space for peer interaction, both clubs sought to reinforce mutual understanding, shared service goals, and long-term youth fellowship under Rotary International District 3292.

The program opened with formal introductions and welcoming remarks by executive leaders from both clubs, where participants exchanged club pins and tokens of appreciation. Following the orientation, Interactors gathered in a round-table format for a leadership dialogue, sharing their personal journeys within the movement and discussing topics such as executing high-scale community service initiatives, balancing high school academic schedules, and applying Rotary's Four-Way Test.Emphasizing the core Interact motto of "Learning While Enjoying," the afternoon featured four specialized fellowship activities designed to strengthen communication and critical thinking. Members participated in high-energy icebreaker reflexes with the "Hot Dog" game, strategic thinking through head-to-head chess matches, collaborative construction via building blocks under time constraints, and informal social bonding through casual UNO card circles.
