Area of Focus :

- Community development

About- Membership monday (Interact week)

Introduction

During Interact Week, the Interact Club of Central Butwal celebrated "Membership Monday" with a meaningful visit to the Ramchandra Mainadevi Anathashram. Guided by a spirit of inclusion and community service, the club members reached out to the orphanage to connect with the youth, foster new relationships, and welcome eligible candidates into the Interact family.

Project summary

The event brought together club members and the children of Ramchandra Mainadevi Anathashram for a day filled with interactive games, shared laughter, and meaningful connection. As part of the Membership Monday initiative, the Interact Club of Central Butwal registered interested and eligible candidates for club membership and formally presented them with their official membership appointment letters. By combining this official induction with fun recreational activities, the program successfully expanded the club's fellowship while leaving a lasting positive impact on the community.
