World Interact Week Cultural Friday

Project Number: 8
Date: 6th November, 2026
Location: Google Meet
Specified committee: Club
Area of Focus: Cultural Friday

About 'A Tale of Localities'

Introduction:

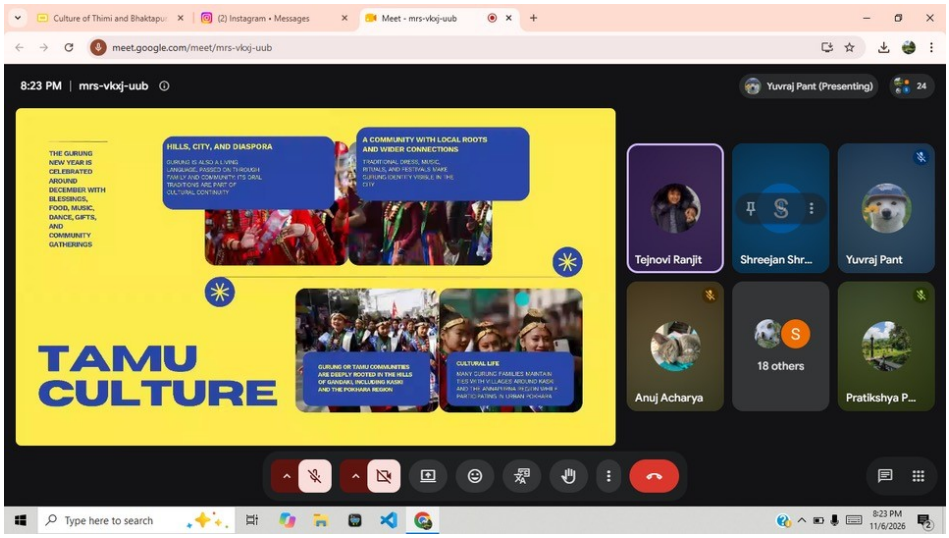

Interact Club of Seabird successfully celebrated World Interact Week with Cultural Friday, taking part in a virtual cultural exchange session with the Interact Club of Little Angels and the Interact Club of GBC, where each club shared the festivals celebrated in its community.

Project Summary:

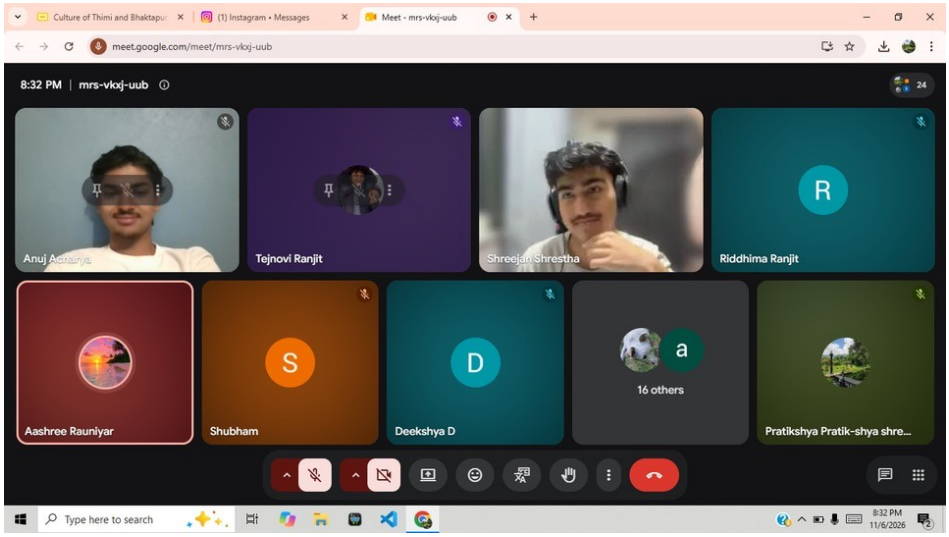

Each club presented a slide presentation on a festival celebrated in its own community. The presenters explained how the festival is celebrated and why it is celebrated, including its rituals, music, dance and traditions. Participants taught each other about their cultures, asked questions and discussed the similarities and differences between their traditions.
The session concluded with active participation from all three clubs and a greater appreciation of the cultural diversity of each locality.

Feedbacks of Attendees:

1. “The session was informative and helped me learn about festivals and traditions I did not know before.”-Interactor
2. “It was wonderful to see three clubs come together and share the stories behind their festivals.”-Interactor

A presentation on Tamu (Gurung) culture during the exchange session.

Participants of the three Interact clubs at the end of the session.
