DIGITAL SAATHI

Building a Safer & Smarter Digital Generation

Date: 6 November 2026
Time: 8:00 PM
Platform: Google Meet
Host Club: Interact Club of Pragyan Academy

The Interact Club of Pragyan Academy successfully hosted Digital Saathi, an educational initiative designed to promote digital awareness, online safety, and responsible technology use among young individuals.

The project aimed to help participants better understand the digital world, recognize the importance of protecting their personal information, develop safe online habits, and become more responsible digital citizens.

The session featured Mr. Uma Kanta Khanal as the guest speaker, who shared valuable insights on digital awareness and online safety. His guidance provided participants with an opportunity to better understand the responsibilities and challenges that come with using digital platforms in everyday life.

The initiative brought together participating Interact Clubs, creating an opportunity for knowledge-sharing, collaboration, and collective learning. Through this effort, we aimed to encourage young people to use technology wisely, stay informed about digital risks, and contribute to a safer online community.

Digital Saathi — Empowering Youth for a Safer Digital Future.
