Area of Focus: Member Engagement, Member Inclusion, Club Governance

About ‘ Our Club, Our Voice ’

Introduction:

On November 2nd, 2026, as part of Membership Monday during World Interact Week, the Interact Club of Annapurna SOS hosted "Our Club, OUR VOICE” an interactive digital feedback initiative via padlet. The program provided a dedicated open forum for members to voice their honest perspectives, constructive critiques, and suggestions, ensuring that every member feels valued, heard, and actively involved in shaping the club's direction.

Project Summary:

The initiative was carried out using an interactive digital board where members could freely drop their honest thoughts about club life, board communication, and what they hope to see in upcoming events.

We organized this with three main goals in mind:
1. Give Everyone a Voice: Create a comfortable, open space where every member feels heard, valued, and respected.
2. Bring Members and Board Closer: Listen directly to honest feedback so we can bridge any gaps between general members and the executive board, keeping our fellowship strong and connected.
3. Shape Our Future Together: Get a real sense of what members actually want rom how often we hold events to the kind of skill workshops and district programs they are excited to see.

Conclusion:

Overall, "Our Club, OUR VOICE" turned out to be a really meaningful and eye-opening experience for all of us. Hearing straight from our members gave the board a clear picture of what's working and what we can do better. It gave us great ideas for future events, showed us where we can build better leadership opportunities, and most importantly, reminded us how crucial it is to stay genuinely connected with every single member in the club.

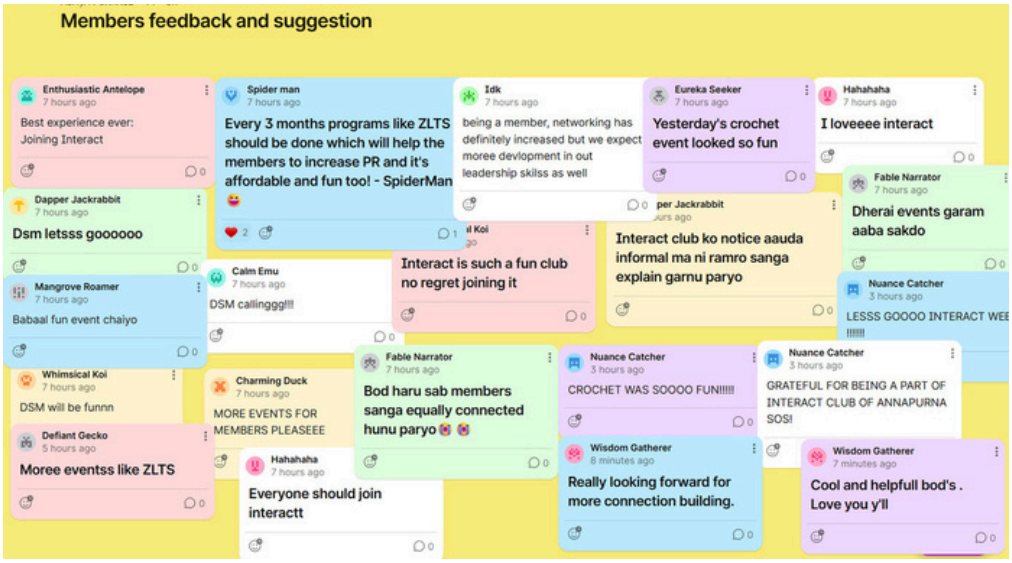

hands-on skill can be.

Feedback of the attendees

1.It feels great to know our suggestions are actually being heard. It makes being part of Interact so much more engaging and meaningful!" (Itr. Sulav KC)

2. "Loved seeing everyone share their ideas freely. Looking forward to more frequent events and leadership-building activities!" (Itr. Dhriti Sapkota)
