Area of Focus: Humanitarian Awareness, Social Justice, Global Issues

About ‘Stand For Humanity’

Introduction:

On November 4th, 2026, on the occasion of Harmony Wednesday during World Interact Week, the Interact Club of Annapurna SOS hosted a powerful awareness initiative titled "Voice of Humanity - Stand for Humanity; Stand against Atrocities". The campaign brought members together to collectively address pressing modern-day issues, advocate for fundamental human rights, and stand united against global injustices.

Project Summary:

The initiative featured members creating and holding creative placards, artworks, and awareness messages addressing critical global challenges such as fundamental human rights, world hunger, gender equality, and standing against atrocities.

We organized this with three main goals in mind:
1. Raise Humanitarian Awareness: Educate and bring attention to critical modern-day problems affecting global communities, such as poverty, discrimination, and violence.
2. Promote Empathy & Social Responsibility: Encourage youth to look beyond themselves and use their creative voices to advocate for global justice and human dignity.
3. Unite for a Cause: Foster collective solidarity among Interactors under the core message: "WE TOGETHER STAND W HUMANITY".

Conclusion:
Overall, "Voice of Humanity" proved to be an inspiring and deeply impactful observance of Harmony Wednesday. Through creative placards and heartfelt messaging, our members demonstrated a shared commitment to standing up against atrocities and championing global empathy.

Feedback of the attendees

1. "Creating placards for Harmony Wednesday really opened my eyes to how important it is for youth to speak up against global injustices." (Itr. Milan Bhetal)
2. "Seeing everyone come together online to support human rights and stand against world hunger was so powerful and inspiring!" (Itr. Prerika Baral)
